1st Place North Texas Futurity

5th Place Vegasrace.com

The Star Pair is an exceptional breeding pair of original Janssens owned by Simons Family Loft in Holland and we acquired numerous children of this pair. In the short time we have had them the results have been phenomenal. A son of the Star Pair sold to Eric Houchin of Spokane, WA bred the Vegas Classic winner in 2003, and 5<sup>th</sup> Place Vegasrace.com in 2003, these were nestmates. Another son "Blue Star" bred 1<sup>st</sup> Champion bird in the World of Wings Truck race winning a new Ford truck for CBS. Bruce Gordon of Seattle tells us that a son of the Star Pair bred two of his best racers. A daughter of "Star Bright" flown by Kenny Kelley of Dallas won 1<sup>st</sup> at 200 and 300 miles, she also won the North Texas Futurity. All this has happened in the last two years. We consider the Star Pair to be our hot new futurity pigeons. They breed excellent when paired to the Oude Merckx lines. Grandchildren of the Star Pair have won approximately \$70,000 in the last two seasons.
