1st National Ace Middle Distance K.B.D.B. 2003
bred from two original Van Elsackers and
purchased by Herbots Brothers for \$70,000 U. S.

We have been fortunate to fly partners with Serge Van Elsacker for the last five years. No loft in Belgium has flown better at the middle distance in that time than Van Elsacker. He has a phenomenal family of middle-distance racers. Due to our relationship, we have been able to secure the very best pigeons to leave his loft. There is no doubt these pigeons have been impact birds. Ask our friend Bruce Gordon in Seattle how they have dominated his unbelievable performance in recent years.

These pigeons are Meuleman based with Janssen and Hofken. There are no better pigeons for the 300 mile races than the Van Elsacker birds.

“Internuntius”

20th Inter Provincial
La Souterraine vs 4,573
Sire of Red Oak Classic
One Loft Race Winner ‘02

Children \$300

“Extra Special”
